Dear Chad,

By every measure, last night exceeded expectations. You are a force! I can't thank you enough for your positive vision, leadership, and unparalleled "can-do" attitude. I've never worked with anyone quite like you, and I'm honored to call you a friend. I know that you often say they were just getting going and when your heart is in the right place everything follows.

I can't help believe that after seeing what you have accomplished. Not that I ever doubted you, but I want to point out that you were right about every single thing that you have recommended or said. It is an amazing thing to watch.

It is my honor to work with you, and I am so grateful for your selflessness and dedication to our causes. I honestly mean it when I say I think we are just getting started! I hope you enjoy this beautiful weekend and can relax.

Love,

David T. Rubin, MD
